Hearing Closed By Supervisors After 4½ Hours

Following a spirited session lasting almost four and a half hours, the Board of Supervisors yesterday closed its public hearing on the controversial proposal for administrative office district rezoning of the Pine Grove.

The board announced it will render its decision May 8 at 2 p.m.

More than 100 people packed the board chambers in the Hall of Records Building in Martinez for the hearing, which started shortly after 1:30 p.m. and lasted until 6 p.m.

APPLICANT FOR rezoning is Pacific Intermountain Express Company, which plans to erect a $750,000 office headquarters building on its 10.7-acre site at the Pine Grove corner, off the northeast corner of Mt. Diablo Boulevard and Orinda Highway.

Opposition to the rezoning has been by the Orinda Association, spearheaded by its Homeowners Committee. The association opposes not only this requested rezoning but also any future businesses which would not directly serve the needs of the local populace.

The County Planning Commission has recommended that the rezoning be granted. The Orinda Association board has announced it is planning court action if the supervisors uphold the Planning Commission recommendation.

AT YESTERDAY'S hearing, speakers in favor of the rezoning application were:

Bestor Robinson, an attorney for PIE; C. E. Johnson, executive vice-president of PIE; Frederick C. Kracke, secretary, Association for the Progress and Improvement of Contra Costa County; Harold F. Wise, planning consultant for PIE; Joseph P. Longacre Jr., representing the Fact Finders, an Orinda group opposing the Orinda Association stand; Edward M. Rowland, speaking as an individual, and Edwin C. Brown of Orinda, dean of men at City College of San Francisco.

THESE WERE followed by opposition speakers, who included:

Mrs. Gladys Schwatka, legal counsel for the Orinda Association; William Penn Mott Jr., chairman of the association's Homeowners Committee; Mrs. Mitchell Farrar, chairman of the Contra Costa County Women's Planning Council; Mel Arighi, president of the Orinda Association; Mrs. Ritchie Ward, secretary of the Orinda Association, and Mrs. Byron Bole.

SOME OF THE opponents to the PIE rezoning application wore signs stating, "No A. O.," "No Rezoning" or "Keep Orinda Residential."

At the rear of the room was a large sign reading, "No Trucking Near Our Schools."

Stressed again at the hearing were the association-conducted poll of February in Orinda, in which 3298 persons were reported opposing rezoning, with 1460 in favor of rezoning, and the PIE-conducted poll in Orinda last June, with a reported 76 per cent tally in favor of rezoning.

Drainage, EBMUD Share Spotlight At Civic Affairs

Drainage and flood control problems, as previously scheduled, occupied a prominent spot on the agenda of the meeting of the Orinda Association's Civic Affairs Committee Monday night at Orinda School — but the East Bay Municipal Utility District also came in for discussion.

The subject of drainage and flood control was discussed by Carl Rich, chief engineer of the Contra Costa County Flood Control and Water Conservation District.

He outlined the setup of the Flood Control District and its nine-man commission. Orinda, he said, is in the San Pablo Watershed.

REFERRING to the recent defeat of the proposed bond issue in the Walnut Creek Watershed, Rich stated that "it wasn't the 'No' vote which defeated the proposal — it was the lack of an adequate 'Yes' vote."

He said no flood control projects are contemplated for Orinda in the near future. Future development of the area might warrant a bond issue, he added—but he pointed out that this would be up to the people here, who would first form a flood control zone.

EBMUD ENTERED the verbal picture at the Civic Affairs meeting when Mrs. Byron Bole, stating she had been attending EBMUD board meetings as an interested observer for the past two years, said she had noticed that EBMUD Director Thomas S. Neilson of Berkeley, who represents the ward including Orinda, had missmeetings.

ed a number of recent board

Mrs. Bole said she had heard Neilson had been in ill health.

She reported that at last Friday's EBMUD board meeting in Oakland she had asked what the procedure would be if Neilson should resign, and that she was informed the remaining board members would appoint someone for the unexpired term.

MRS. BOLE SAID she had asked EBMUD President Louis Breuner whether the Orinda people, in event such an appointment became necessary, could suggest names, and that she was told they could, Neilson was not at last Friday's sessions, she said.

Mrs. Bole suggested to the Civic Affairs Committee that it recommend to the association's directors that they write EBMUD, requesting they be permitted to suggest names if an appointment were contemplated.

A RESOLUTION to that effect was passed by the Civic Affairs Committee.

"In my opinion," Mrs. Bole declared, "the present Board of Directors of EBMUD is lopsided and top heavy with successful businessmen, and there should be on the board at least one well-qualified engineer and perhaps a minister or someone with a more genuine concern for the people of the district."

Neilson on Tuesday said he has no intention of resigning as an EBMUD director.

Orindans Will Hear Candidates Thursday Night

At an Orinda "town meeting" next Thursday evening, candidates for the Orinda School Board and for county supervisor will present their views. Scheduled for 8 o'clock in Fellowship Hall of Orinda Community Church, the meeting has been arranged by Orinda's two Democratic clubs, but on a strictly non-partisan basis, the club leaders state.

Because of the large number of candidates to be heard (six for the local school board, seven for supervisor) the meeting will start promptly, and the time limit for each speaker will be rigidly enforced, according to Robert Patmont, president of the Orinda Democrats.

"We have allotted three minutes for each school board candidate, and eight minutes for each supervisor candidate, with two brief periods for questions, one for the school board candidates, and one for the supervisorial candidates," Patmont stated.

Because of the conflict in the date, the candidates' meeting previously announced for the same night by the Young Republicans of Orinda has been canceled. Their president, Karl Rigor, however, speaking for the Republican group, invites all members and their friends to attend Thursday's meeting, at which no partisan announcements or discussions will take place.

Mrs. Charles Hanks, president of the Democratic Women of Orinda, will open the meeting, at which Patmont will preside.

Orindans' Investment in Schools Told by Sheaff

How much money have Orinda residents invested in their schools during the past several years?

It's quite a bit, says Orinda Superintendent of Schools Joseph L. Sheaff.

In conjunction with California Public Schools week, Sheaff and his staff have compiled a summary of what the community's schools have cost taxpayers.

Here is that summary:

"UP TO THE PRESENT time, the district has paid out $147,800 for school sites, $1,700,000 has been used for the construction of five schools, and $175,000 has been spent for school furniture (desks, tables, chairs, etc.).

"This amounts to a little over $2,000,000, which represents the total school investment. This is a lot of money, but most of us will agree that the schools are well equipped, our standard of education is high and facilities are constantly being improved in each of our schools.

"It also should be noted, particularly by the parents of the children attending our schools, that even though we have had our troubles with double sessions and some crowded conditions, we have, on the whole, kept our building program pretty much ahead of the continual growth of the Orinda area.

"SINCE 1948 WE have had consistently an average pupil growth of 20 per cent per year. This has necessitated continual purchase of land as well as continual construction of new classrooms. Careful planning on the part of the school board, and the enthusiastic willingness on the part of the people in this community to support bond issues and tax rate increases, has made this possible.

"In 1948 there were 12 classrooms in the district, all at the Orinda School. Children in the district attended this one school during that year.

"The first, second and third grades were on double sessions, and two grades (fifth and sixth) had 50 children each.

"THE FIRST SEVEN rooms at Glorietta were built during 1948-49 and were opened for use in September, 1949. Since that time, we have continually constructed classrooms until now we have 65 in operation, and are adding seven more at the Del Rey School. We have averaged about seven new classrooms a year over the past eight years.

"Most of the financing has been done by local bonds and an increased tax rate. However, the need became so great for facilities in 1954, that the board found it necessary to apply for state funds to build Pine Grove seventh and eighth grade school.

"Future plans call for at least six, and possibly eight more classrooms at the Sleepy Hollow School; eight and possibly 10 more at the Pine Grove School; and possibly eight more at the Del Rey School.

"THE BOARD OF TRUSTEES is negotiating for 32 acres of the Wagner Ranch property, where probably two additional 18 to 20 room schools will be located. Also being negotiated for are 20 acres in Inland Valley, where there will probably be two complete schools with 18 to 20 classrooms in each.

"The enrollment in the school district at present is 2,300 pupils. It is expected that by 1960 there will be approximately 4,000 pupils. Our problem will continue to be that of additional facilities for several years to come.

"One outstanding feature of this facility problem has been the complete sympathy, patience and understanding on the part of 99 per cent of the parents in the community. It has been the one consoling factor amid the tremendous problems that have faced the trustees during these years of growth."

Hilltop Club to Hear About Hacienda Homes

Fire Dividend

Orinda has received $766.90 dividend on its foreman's compensation insurance, according to Clarence E. Betz, secretary of the Orinda Board of Fire Commissioners.

Suburbia Scribblings

By MARIE MONAHAN

Sapling stops sedan from siding

A PINK WOODEN WHEELBARROW with white sidewalls and a Cadillac crest was prominently displayed in the lobby of the Diablo Country Club on April 7, part of the springtime decor deftly executed by Marcia Henning, who headed the Decor. Com. for the Mothers Club "Blossom Time" fund-raising frolic.

The Hennings, notably absent. were missed by many . . . Marcia remained home w/Bill, who was resting w/a leg injury, and missed the praises for her artistic efforts.

THE GIANT SILVER AND BLUE BIRD MOBILE, twirling high above the dancers, was created by Marcia, and her committee was responsible for the placing of lovely potted azaleas (courtesy Orchard and Moraga Nurseries) which served to complement the Orinda ladies who, in the prettiest assortment of polkadot and moonbeam dresses, were the most glamorous lot to ever pass through the portals at Diablo.

One such dress was the one worn by Elaine Ohleyer, who whirled by w/Howard in a black and white princess-type frock she brought back from their Easter week stay at Palm Springs . . . Another black and white print, charming on Rita Kingston, who w/Vic, came w/the Con Smiths . . . Also in white, Fran Yedidia in a slim bare-shouldered sheath.

ON THE DANCE FLOOR . . . Audrey and Jack Gregory telling about the driverless car that rolled down their bank and came to a halt at an 80-degree angle two feet from their house, stopped by a mere sapling of a tree. Audrey looked lovely in white embroidered cotton brocade . . .

Beverly Bonds sharing a dance w/Vern Axelson, who, together w/Lila (she's MC prexy), gathered friends at their home for a predance libation . . . The Paul Moores at a standstill in front of the orch. . . . ditto the Harry Miners. Ethel and Spike Spittler fairly sailing across the hardwood, and Jean and Earl Vicars dancing a samba, mambo, and Chachacha! scarcely stopping to draw a deep breath. (DILDINE was Divine!)

Out-of-town guests galore

At the door, Ruth and Art Henry, the Burton Kohlers, the Charles Coburns, the Axelsons taking turns at taking tickets, greeting guests . . . Arline, who was ball chrmn., charming in a white straw skirt, black straw top, both Italian imports.

COMING FROM DINNER in Oakland, the Carl Meurks busy introducing their guests and dinner hosts, old friends of Carl's, the Robert Baldwins, brand new Californians recently from Short Hills, N. J. . . . Jackie Meurk in a becoming new bangish hairdo, an embroidered eggshell cotton.

The Charlie Curriers also introd. out-of-town guests, SF's Deenie and Earl Thompson . . . All dined early at Tunnel Inn w/Lonnie's sister Ardyce and her husband, Paul Handerly, who along w/their four children, are soon to transfer their treasures from Pied. Pines to Virg. Dr. into the house formerly belonging to the Frank Teasdels.

Lonnie's many friends who had concernedly called her to remind her to "relax" for her eve. singing stint may well have saved their breath. She rehearsed all day over the waxer, polisher, the vacuum, washer and ironer, readying for an early-hour cocktail conclave. In spite of the hectic day, Mrs. C. managed to look calm and cool in a white sheath, w/a turquoise waistband, matching slippers, and we particularly liked her singing of "Mr. Wonderful," didn't you?

The Charles Ericksons came w/a contingent of out-of-towners, and the Ted Taylors brought a large group of Berkeley friends.

Near neighbors of Robert Rd. and Douglas Ct. assembled beforehand for a buffet supper at the Ed Pattersons, Laurie lovely in a pink and salmon combine of polished cotton. At the Pattersons' place, w/the Bll Curtises co-hosting, the Jack Bascoms, Bob Farrells, Cal Schaffers, Paul Cattolicas, Hal Ingmans, Don McConnells.

Necessity is the mother of invention

AT A MAKESHIFT TABLE ingeniously devised by Bud Loughman from a box, a crate and a tray placed near the orch. w/a wonderful view of the passing terpsichoreans, were Orinda newcomers, the David Seaburys, also Roy and Inger Beckett . . . Pat and Bud served buffet to 14 guests at their Acacia Dr. adobe and were among the later arrivals.

After hosting dinner parties, the Robert Spotts and the James Dupuis', both of Sleepy Hollow. The Stuart Hendersons were dinner guests of the Julian Unruhs.

Jean Henderson and Fred Udall rated rousing applause for their pantomimes, as did the George Cliffords in a dance routine that incl. the Black Bottom, Bop Charleston, all of which they make look sooo easy to do!

TALLISH TWOSOME Helen and Charles Gibbs, late arrivals, having come from the SF airport, where they waved Helen's sister off to NY, thence to Europe . . . The Louis Amblers in a genial group . . . The Norman Baileys glimpsed w/the Harry Nollers and the Ray Johnsens, who were enjoying their first Orinda dance, having moved into their new Orinda Estates home just three wks. ago.

Animated conversationalists, the Bill Gilmores, Neville Daniels, Ernest Chiltons and the Frederick Johnsons, spotted in the crowd. Another foursome together, the Ross Mainwarings, Orin and Clair Knudsen, John and Dorothy Williams, the Ron Larsens. The Joseph Sheaffs during an intermission confab w/the Frank Isolas, Phil Lamberts, too.

Applauding Phyllis Hope's fine singing of "People Will Say We're in Love" for an encore, the Thomas Klings, Thomas Kallams, Joseph Donhams . . . The Odenthals, both Leon and Warner, w/their spouses, Gail and Hazel . . . The Ted Schillings hailing the Dick Champions, Dick doing a masterful job of MCing the eve's entertainment.

While her husband played the violin and trumpet w/the orch. Mary Barrett danced a medley of tunes w/Frank Cayting, another w/Martin White . . . (Paul teaches at Oakland Hi) . . . Coming in from the Anderson wedding and reception, the Bob Lymans, Laura Cooper, Bill Courtrights, George Hauers, Joe Downs', Chuck and Leona Wilson.

AFTER THE BALL WAS OVER, music-minded no-hurry-to-go-homers surrounded the foyer piano, where Harriet Ainsworth tinkied old favorites on the ivories . . . Everybody had a request . . . Bill and Libby Brock, the Bob Thamans (also dinner hosts for a large group), Ruth and Russell Gilwee, the Walter Ruedricks, Jim Dennings.

They go together like a horse and carriage

If you tho't you were seeing double, you weren't! We have the same trouble whenever Lucille Ruedrick and Lois Denning are around. They're identical twins and it's difficult for even their close friends to tell them apart.

Dee Bussey and Evie Hopper shouldering fur wraps in the chilly early hours . . . the Frank Gillespies departing w/the Hal Caldwells . . . Station wagons full of sleepy people pulling up for more passengers at the brick steps. The success of the dance guaranteed by the convivial crowd that attended!

UNDER A SHOWER OF RICE AND GOOD WISHES, Margaret and George Anderson left for a Las Vegas honeymoon following a lovely 4 o'clock ceremony on April 7 and a champagne reception that followed at the Anderson home on El Toyonal.

Red Cross Mark Here Is $6000-- $1000 to Go!

As of midweek Orinda had chalked up approximately $6000 toward its quota of $7000 in the 1956 Red Cross fund drive, Mrs. Richard T. Myer, Orinda area drive chairman, reported yesterday.

That was approximately 85.7 per cent of the goal, she pointed out.

Stressing the urgent need for Red Cross funds, Mrs. Myer asked those who have not been contacted or who have not contributed to send donations for the Red Cross to her at 7 Don Gabriel Way, Orinda, or to the Mt. Diablo Red Cross Chapter, 1395 Ygnacio Avenue, Walnut Creek, marked for credit of Orinda.

"Recently I've received five checks for the Red Cross in the mail," Mrs. Mayer said. "One, which arrived Wednesday, was for $100; the people had been out of town."

Mrs. Myer expressed hope that the remaining $1000 could be raised to meet the community's quota, "so that Orinda can come through as some of our neighboring communities have."

Community chairmen under Mrs. Myer are: Mrs. Joseph R. Longacre, southwest Orinda; Mrs. Calvin Hagstrom, southeast Orinda; Mrs. C. V. Scarich, northwest Orinda; Mrs. D. J. O'Connor, northeast Orinda.

Roemer Case Will Go to Grand Jury

The mystery fire death of Mrs. Sonya Roemer, 48, of Lafayette, will be placed before the Contra Costa Grand Jury next Friday.

District Attorney Francis W. Collins said yesterday the case will go before the jury at 1:30 p.m. in the Hall of Records, Martinez.

Mrs. Roemer died April 3 in an Oakland hospital of gross bodily burns incurred March 17 when an explosion and flash fire destroyed the combination garage and workshop at the Roemer home, 3738 Happy Valley Road.

MRS. ROEMER is survived by her husband, Irving Roemer, well-known Oakland patent attorney and chairman of the Board of Directors of the Central Contra Costa Sanitary District, and two sons, Tom, 22, and Tim, 5.

Collins said Roemer, who declined to testify at an Alameda County coroner's inqeust into his wife's death April 12 would be called before the Grand Jury as a witness.

Besides unnamed investigators for the district attorneys office, Collins said witnesses to appear before the grand jury will include:

Doctors Sheldon Margen and Harry Benteen of Oakland and Clifford Feiler and J. N. Vizzard of Lafayette; Harry J. Dutton and M. Pierce Milton, neighbors of the Roemers; Robert Elliott, telephone lineman nearby at the time of the explosion; Donald Weir, Fire Underwriters Board agent; Assistant Lafayette Fire Chief Elwin Maxey and Sheriff's Inspector Norman Wilson and Sergeant Walter Young.

JOHN A. NEJEDLY, Roemer's private counsel as well as attorney for the sanitary district, said his client is "perfectly willing" to appear before the grand jury.

Nejedly said:

"It is only appropriate that there be a complete disclosure of all the information so everyone will be satisfied. There is nothing of any criminal nature involved.

"Roemer realizes there were some particular questions that are yet unanswered. He is perfectly willing to tell the complete story to the Grand Jury," Nejedly concluded.

Although fatally burned in Contra Costa, Mrs. Roemer's death was put before an Alameda County coroner's jury because she died there.

Among those testifying at the inquest, which ruled her death due to gross bodily burns without determining the origin of the fire, was Contra Costa Sheriff's Inspector Norman A. Wilson.

WILSON TESTIFIED that Mrs. Roemer told him from her hospital bed that "He did it!"

The officer said the woman replied "yes" when he asked her if she referred to her husband.

However, he said that when he returned to the hospital two days later he was told she had repudiated the statement.

By the time of his second visit to the victim, Wilson added, her physical condition was such that he was unable to personally talk with her again.

Collins said his decision to place Mrs. Roemers death before the County Grand Jury came after two separate conferences with the jury's foreman, Frank Coats of Martinez.

The two men met for 25 minutes shortly after the coroner's jury fixed the cause of the woman's death, and again Wednesday for one and a half hours.

Salesmen Get Whys and Whats

"The What and Why of Property Value for the Real Estate Salesman" will be discussed by Ben Hamlin, Walnut Creek appraiser, Tuesday at 7 p.m. in Building 9, East Contra Costa Junior College.

The lecture will be the first of four to be offered on successive Tuesday nights, designed primarily for men and women employed in the real estate business.

Hamlin, coordinator for the series, is former president of the Contra Costa Real Estate Board.

Charles E. Chapman, junior college coordinator of the program for part-time students, under which the lecture series will operate, said that real estate appraising courses have been offered from time to time for more than two years. The lecture series is a concentrated adaptation.

Roemer States He'll 'Welcome' Grand Jury Probe

Irving C. Roemer yesterday declared that he "will welcome" the opportunity to appear before the Contra Costa County Grand Jury, to relate facts regarding the March 17 fire at his home garage in Happy Valley, Lafayette, in which his wife, Sonya, was fatally burned.

The Central Contra Costa Sanitary District board president and nationally known patent attorney expressed confidence his "innocence will result" in his "complete vindication."

"The newspapers have printed a story that the district attorney of Contra Costa County is contemplating a Grand Jury investigation into the circumstances surrounding the death of my wife, Sonya Roemer," he said.

"I have given the law enforcement agents of Contra Costa County, on several occasions, a detailed statement of my knowledge, acts and conduct in relation to the tragic fire, and cooperated with them in every way.

"I will welcome the opportunity of relating the facts to an impartial jury in the hope that unfounded suspicions and rumors will be finally silenced, and because I know that my innocence will result in my complete vindication."

Blast Caps Pose Danger To Children

Sheriff Harry A. Brown, Contra Costa County, has a stern word of warning for every boy and girl in the county. "Leave blasting caps alone. One of them can cripple or blind you."

These caps are small aluminum or copper cylinders about as big around as a lead pencil.

THEY VARY in length from one to five and one-half inches. Generally caps are bright, but dampness may dull the metal when they are exposed outdoors and it may corrode, but even then the cap is deadly dangerous.

The caps contain an extremely sensitive explosive. They are necessary to make dynamite useful in mining, quarrying and in building bridges, roads, dams and skyscrapers. Farmers use caps to drain swamps and to blast boulders.

"We're asking everyone, boys, girls, and grownups, to help our community score a perfect blasting cap safety record," Brown said.

"I AM DISTRIBUTING posters showing what caps look like and the dangers that threaten children who touch, or worse, play with a cap. Those in charge of schools, play-grounds, and public libraries, will do their part if they will post these on bulletin boards where boys and girls can see them."

Sheriff Brown explained that he is pressing this safety drive at the request of the National Sheriffs' Association and the Institute of Makers of Explosives.

Marlin, Beware! Force-Proctor Team's Cruising

Marlin and sailfish fishing is being pursued by the Raymond Forces of Diablo and the Del Murray Procters of Lafayette off the coast of Central America, in the Forces' 42-foot twin-screw cruiser Davey Jones.

Raymond Force and his wife Phoebe and Del Murray Procter and his wife Julia are members of the Oakland Power Squadron, a unit of the United States Power Squadrons. This is the first time that local squadron members have cruised so far south.

The Forces shipped their cruiser to La Paz, Baja California, and then left their Blackhawk Ranch at Diablo and flew to La Paz, where they fished for two weeks.

They then phoned the Procters, and Mr. Force reported that about a dozen marlin had succumbed to the skill of the Forces.

So yesterday the Procters, whose home is at 1064 Sunnybrook Drive, Lafayette, flew to La Paz, to join the Forces for a 2-week cruise off Central America — with hopes of a big catch of marlin and sailfish.

Child's Spontaneity, Adult Maturity in Boy's Chorus

By CAROLYN OFFEN

The San Francisco Boys' Chorus gave a delightful and refreshing performance at Las Lomas High School last Sunday afternoon, as they presented the final concert in this year's Central Contra Costa Youth Concert series.

The Boys' Chorus is conducted by Madi Bacon, a musician with an excellent background in choral work. But the combination that made the Sunday performance sparkle was the spontaneity of the child in combination with the maturity of the adult who still enjoys the rare capacity to see with the child's eye!

THE CHORUS of 30 young boys of 12 years or so, showed in their first group the sweetness of tone, simplicity of style and bell-like clarity, all musical possibilities only offered by the child voice in such purity.

Miss Sandra Fries, 14-year-old pianist, gave a technically excellent performance of Bach's "French Suite," but this listener's opinion is that the mentality and stature of music by this famed composer demands a maturity which most young soloists have not yet attained in performance.

The original group, "Songs of Innocence" by Ernest Bacon was musically interesting but seemed overly sophisticated for this group.

Tremendously interesting to the youngsters in the audience were the selections from the musical play, "Tom Sawyer," written especially for this group by Jon Elkus.

THE FIST-FIGHT which took place in center stage to choral accompaniment could hardly have found more enthusiastic listeners.

Musically, the last group which contained the lovely spiritual, "Jesus Walked This Lonesome Valley," made the most pleasurable listening.

Paul Jamaica, who served as soloist with the chorus on this spiritual, has a big and exciting bass voice, and it would be enjoyable to hear him again in solo performance in this area.

Elks Install New Officers: Evans Takes Top Post

Arthur T. Evans was installed as exalted ruler of the Walnut Creek Elks, BPOE 1811, in a meeting April 11.

Other 1956-57 officers are as follows:

Leading Knight C. Terence Ring, Loyal Knight James C. McGeehon, Lecturing Knight Rowland Barrett; Secretary H. C. Cherrington, Treasurer Dean Spurgeon, Tiler Claude McPhee, Esquire Harold Turner, Inner Guard Kenneth Gove, Chaplain Alfred J. Malnick, Organist Sid Ruderman, and trustees, Raymond Coover, R. E. Nottingham, C. Robert Johnson, Frank Marshall and Jack Hageman.

RETIRING EXALTED ruler is Dr. Ray Burk.

Bill Stone, editor of the Elketin, wrote recently:

"Another successful year has drawn to a close for our wonderful Lodge.

"It is proper and no less fitting that since we pass this way but once we write the faults of our brothers upon the sands, their virtues on the tablets of love and memory.

"Bravo to you brother past Exalted Ruled Raymond V. Burk for your devotion to duty, your tolerance and your love for your fellow man: Walnut Creek Elks Lodge No. 1811 has much to be thankful for and to be duly proud to have had you as their leader.

"And I would be derelict not to mention your many accomplishments in the shadow of your administration.

"UNDER YOUR guidance we have now reached the first plateau and with your future help and efforts we will reach that ultimate pinacle from which the flame of Elkdom burns vigilantly.

"During your term of office our Lodge Home was completed. Then we took occupancy of it on September 28, 1956.

"Under your dynamic leadership the corner stone was laid and had our building dedicated with such pomp and ceremony. Many other progressive and enjoyable affairs occured while you were in office."

As a public service, a Candidates' Night will be held May 28, 8 p.m., in the Acalanes High School auditorium, under the joint sponsorship of The Sun and the Lafayette-Orinda Junior Chamber of Commerce.

The candidates for county supervisor from District 2 and for the State Assembly, State Senate and United States Congress have all been invited.

Each candidate is being asked to present his program. In order to assure as complete and fair presentation as possible, there will be a time-limit for each speaker's talk.

Following the talks, there will be a question-and-answer period.

Details will be announced later. In the meantime, circle the date of May 28 on your calendar.

That date is only eight days before the June 5 primaries — and the Candidates' Night will offer you the opportunity to hear and quiz the various candidates.

LITTLE GRASS SHAKER previews skit from second annual Gael Gaieties to be presented tomorrow night by radio station KHSM in the St. Mary's College gym. Ronald Martins, frosh accompanist, strums ukulele while his toes tickle keyboard in order to urge gyrations from fellow freshman Godfrey Padayao. Both are authentic Hawaiians.

Gael Gaieties Tomorrow Will Wow 'em All . . .

Gael Gaities, the Saint Mary's students second annual variety show, will be staged in the Moraga college's gym at 8 p.m. tomorrow.

KHSM, the student operated radio station, is sponsoring the show, "Host of the Town," which is to be a take-off on the Ed Sullivan television show, "Toast of the Town."

Frank Perry, a graduate of Acalanes High School and presently a St. Mary's sophomore, will play the part of jazz artist Oscar Rogers in one of the 12 acts. Frank and Al Collins, of San Leandro, are in charge of stage sets.

Herman Lujan, chairman of the show, has announced the following acts and participants:

The Off-Beats, popular singing group, will sing, and coeds from Dominican College will dance "June is Busting Out All Over," from "Carousel." Primrose Kakeaku, a former entertainer from the Mouna Hotel in Honolulu, and Maria Ahern of Dominican College, will dance Hernando's Hideaway, a comical tango. Ronald Martins and Godfrey Padayao will present a comedy hula.

Over 250 people attended last year's variety show, which also was sponsored by KHSM. The profits from this year's show will be used to purchase a new transmitter for the radio station.

JayCees Again Ask: Volleyball?

A call for men's groups interested in playing volleyball has again been issued by the Lafayette-Orinda Junior Chamber of Commerce.

Volleyball Chairman Bob Stevens emphasizes that the weekly schedule of volleyball games provides exercises and fun for men who otherwise have little opportunity along these lines.

The games are played at Miramonte High School in Orinda between 7:30 and 9:30 p.m. every Wednesday. Interested groups are asked to contact Stevens at YE 4-7489.

William Brown Funeral Held

Funeral services were held Monday in the Little Chapel of the Flowers for the late William Hal Brown, 44, who died after a lengthy illness. He lived on Railroad Avenue, Lafayette.

Survivors include four sisters and two brothers, all of Oregon. They are: Mrs. Ruby Bechen, May Baker, Mrs. Eleanor Ryan, Mrs. Grace Patton, Ray Baker and Roy Brown.

MORAGA SCHOOL DISTRICT'S proposed $250,000 bond issue and $250,000 state loan authorization wll be the topic of a meeting of the Moraga Valley Community Club at Moraga School next Friday night. Discussing plans for the public gathering as they study a rough map of the Moraga area are, left to right, Mrs. Howard C. Vose, president-elect of the Moraga Mothers Club, bond-campaign committee chairman for Precinct 2; Elinor Dickenson, Moraga postmaster and Community Club secretary, and Capt. Harold R. Parker, president of the Moraga Valley Community Club. Not in the picture is Alfred J. Carr, Community Club bond-campaign chairman for Precinct 1.

ELUSIVE DAMSEL

Spring, the elusive young damsel, seems about to favor us again, for she smiles through the fog this morning.

During her first visit, she left the pear trees in full bloom, tassels on the walnut trees, buds and blossoms among the flowers, and stray thoughts of gardening.

This rain was a real blessing for the ranchers, who were rightfully concerned about a real shortage of feed for the livestock. The generous rainfall, plus the warm sunshine, should relieve the situation.

Another sign of spring is the sight of our 16-year-old daughter, Caroline Thune, and Chuck Lance, our next-door neighbor; Bill Lance's son, grooming their horses in preparation for the Boots and Jeans Horse Show which is being held Sunday at the Metropolitan Arena, just off Skyline Boulevard.

It's certainly not an uncommon sight to see them riding down the road, but this is a special event, for it is their first attempt at a real show. Here's a LOT OF LUCK, kids.

PLANS FOR DAY CAMP

Our Brownie troop is beginning to feel it, too, for their thoughts go forward to plans for Day Camp this summer. There are 13 girls in Troop 23, ranging from the second through the fourth grades.

Jo Kelly of Rheem Boulevard competent assistance from Doris Davis, co-leader, and Donna Cole, troop committee chairman, both of Rheem Boulevard.

We also have a Girl Scout troop, under the leadership of Margaret Evans of Larch Avenue, and the Cub Scouts, lead by Jo Baitx. More about them later.

Needless to say, our community is very proud to have these organizations in full swing, with those who have a real desire to work with the youngsters, to lead them.

BACK TO OREGON

Mrs. J. De Wilde, mother of Mrs. Burtrand R. Evans of Larch Avenue, left for her home in Pendleton, Ore., last Saturday night after a visit of seven weeks.

Mardel Carr, wife of Alfred Carr of Camino Pablo, returned home last week from the hospital, where she successfully underwent a varicose vein operation. She reports she is feeling fine and very happy it is now a thing of the past.

William Lance, better known in these parts as Bill, who is president of the San Francisco Chapter of the California Landscape Contractors Association, spent a very enjoyable (besides gaining a lot of information) weekend in Ojai Valley, where he attended the association's State Quarterly meeting. Bill took the dinner flight down on United, and said he had a delicious swordfish dinner en route.

Word comes from Capt. Harold Parker, president of the Moraga Valley Community Club, that a committee for the purpose of publicizing and advocating the school bond issue has been appointed. On the committee are Barbara Vose, president-elect of the Moraga Mothers Club; Capt. Parker, Elinor Dickenson, postmaster of Moraga and secretary of the Community Club; John Tarpley, committee chairman of Moraga Precinct 2, and Alfred Carr Sr., committee chairman of Moraga Precinct 1.

ALSO ON SCHOOLS . . .

While on the school subject, I just want to urge all voters in this community to be sure to put a note on your calendar for the election of a school trustee — May 18. We have to date two good men signed up to fill the vacancy left by Bill Ross.

From Larch Avenue, we have Alfred Ferreira, 35. He and his wife Irene have one son, Eddy, in the third grade. Alfred has, for the past three years, owned his own business, which is grading and bulldozing for homesites.

Barney Glasky, who lives at 280 Rheem Boulevard with his wife Sarah and their three children, is a newcomer to our area, but very eager to take part in all activities. He is 35, and, outside of the four years he spent in the service, has been accountant with the Texas Company in Richmond. He has a daughter, Karen, who graduates from the eighth grade this year; a son, Buzz, who is in the third grade, and a preschool boy.

TIRE THUMP

If your car has a thump at certain speeds it may be due to irregularities in one or more of the tires. This condition is known as "tire thump" and does not cause or contribute to tire failure.

Neldams Attend Bakery Confab

Mr. and Mrs. George Neldam, 304 La Espiral, Orinda, owners of Neldam's bakeries at Rheem Center and in Oakland, attended the national convention of the American Retail Bakeries Association last week in Chicago.

New ideas, new methods and new bakery goods were the themes for the convention. The Neldams saw numerous demonstrations of new equipment and visited several bakeries in Chicago.

Novelty baking molds which bake birthday cakes in the forms of numerals for the proper number of years are one of the items the Neldams brought back from the convention.

The new bakery at Rheem Center will test some of the new ideas in baking methods and the latest in baking techniques.

Lafayette Gives $7204 to Drive Of Red Cross

Lafayette has soared well past the 100 per cent mark in the 1956 Red Cross fund drive, it is reported by the local Lafayette area drive chairman, Navy Capt. George V. Walker, retired.

As of Wednesday morning the Lafayette total was $7,204.64, according to Walker. Lafayette's quota was $7000.

"The interest, energy and time expended by the three community chairmen—Mrs. Marcus Matlock, North Lafayette; Mrs. J. B. Harbuck, South Lafayette, and Jack Pedder, business district—and their more than 300 captains and workers have been outstanding and are deeply appreciated," Walker said.

"And the generosity of Lafayette in responding to the need of the Red Cross is also wholeheartedly appreciated."

Canyon Callings . . .

By GLADYS SHALLY, DRake 6-4674

CANYON POST OFFICE

Will Canyon Post Office cease to be? Will the scenic drive through the redwoods soon be marred by a row of 50 to 60 unsightly, tipsy and rusty mail boxes? Canyon residents say "No" and have done something about it. Petitions carrying 66 signatures were mailed this week to ask that Canyon continue to operate as a fourth class post office.

The petitions were addressed to Inspector Vickers, Oakland Post Office; Inspector-in-Charge Chance, San Francisco; Assistant Postmaster General Eugene Lyons, Washington, D. C., and our represetnative in Congress, John F. Baldwin.

In addition, Postmaster Louise Gadsden voiced a plea for continuance of the Canyon Post Office at a postmasters' meeting in Berkeley recently. The post office was established in 1922 as "Sequoya" with 35 boxes. It became "Canyon" in 1927.

PARK COUNCIL MEET

A carload of Canyon residents traveled to Walnut Creek on Thursday of last week to attend the Contra Costa Park and Recreation Council meeting. The program included the council's excellent movie which illustrates the need for county parks and some beautiful kodachromes, scenes in the county, by Jim Hokanson. Speaker of the evening was Charles J. Kraebel, former superintendent of Glacier National Park and now with the California Forest Experiment Station.

The big surprise—to the Canyon dwellers—was that at a special meeting of the Contra Costa County Park Commission, the Park Council and the County Planning Commission, held previously in Martinez, the Canyon Redwoods came high on the list of park sites recommended by the County Planning Commission.

As you may know, this same area was suggested before the State Interim Committee on Parks and Beaches in San Francisco a short time ago. While not at present on the state preferred list, the area is being studied.

Then there are rumors of renewed regional park interest. Maybe there will be a contest yet as to who will have the privilege of opening up this beautiful redwood area to the public, as it was in the past.

TRIP TO FIRE HOUSE

A trip to the Moraga Fire House proved to be very interesting for the scouts of Boy Scout Troop 212, Canyon, last Sunday afternoon. They received a lesson in "fire prevention in the home," with Chief Al Baitx as instructor. Incidental, of course, was the close inspection of the big red fire engines.

A drive to register voters, conducted almost solely by Mrs. Charles Lucius, has resulted in registration of 96 per cent of the voters living within Canyon precinct.

Fox Given New Bank Position

A career advance for Fred T. Fox, Orinda resident and manager of Bank of America's West Oakland branch, was announced in San Francisco this week by S. Clark Beise, president of the statewide banking system.

Fox, who lives at 15 Monte Vista Road with his wife, Joan, and son, Rodney, 3, has been promoted to manage the 23rd Avenue branch in Oakland.

A native of Salt Lake City, Fox joined the bank in San Francisco as a messenger in 1930 and attained officer status in 1944 when he was assigned to the Piedmont Avenue branch in Oakland after service in Berkeley branches. Advanced to the West Oakland branch in 1946 as assistant cashier-chief clerk, he was appointed manager there in May, 1949.

He is active in community and civic affairs, being a committeeman for the Boy Scouts and the United Crusade and a member of the Chamber of Commerce, American Red Cross, American Cancer Society, the Heart Association and the Orinda Association.

VOLUNTEERS

Last year more than 500,000 Heart Fund volunteers took part in Heart Sunday collections throughout the country.

Six Area Students Will Compete in Bank Program

Six senior students of area high schools will compete next Thursday in Berkeley for zone honors in the 1956 Bank of America Achievement Awards Program.

They are in the fine arts field, Marcia Montin of Las Lomas High School, Susan Panella of Acalanes, and Sandra Jones of Pleasant Hill; in science and mathematics, Daniel Bacon of Acalanes; and in vocational arts, Deanna Bovo, Las Lomas, and Judie Miner, Acalanes.

TO TAKE PART with them in interviews and verbal discussion will be 29 other outstanding seniors from Contra Costa County and northern Alameda County. Place will be the auditorium of the Berkeley Public Schools Administration on Walnut Street in Berkeley.

On the judges' panel will be Maurice S. Marcus, Pleasant Hill attorney; Joseph H. Billeci, Lanzafame Furniture Co., Pittsburg; Miss Katherine A. Towle, dean of women and associate dean of students, University of California; City Councilman Leo Armstrong of El Cerrito, and B. A. Johnson, P.T.&T. manager, Richmond.

Non-voting co-chairman of the event will be Erle B. Ingle, director of curriculum, Berkeley Public Schools, and Dr. George B. Miner, superintendent, Richmond school district.

Coordinator of the competition is G. R. Dagnall, vice president and manager, Bank of America's Berkeley Main Office.

THE CONTESTANTS will vie for first-place ratings in four fields: fine arts, science and mathmatics, liberal arts and vocational arts. These four are assured a minimum award of $100 each and an opportunity to compete for as much as $1,000 in the Bay Area regionwide finals in May in San Francisco.

For the first time, $50 second-place and $25 third-place awards will be made this year to runners-up in each of the four fields in the April 26 zone event, to be held in the Auditorium at the Berkeley Public Schools Administration Buildings, 1414 Walnut Street in Berkeley.

TRAFFIC TOLL

A total of 3431 persons were killed and 120,182 persons were injured in traffic accidents on the streets and highways of California during 1955. These figures represent an increase of 10.5 per cent and 11 per cent respectively over deaths and injuries during 1954.

Your Garden

Proud of Your Lawn? Here Are Some Tips!

"Spring is sprung, the grass is green," says that familiar quip, but, wait a minute! Is the grass green? In fact, do you have a properly planted and attended lawn growing?

If not, there are no more perfect days for lawn planting than in the early spring. Lawn planting encompasses several steps, whether you plant grass seed or seed of the many other ground covers.

First, know your soil's characteristics and prepare it to hold lawn seeds by working in recommended conditioners.

Second, settle the lawn area, break up lumps, fill in hollows and install a sprinkler system if you desire.

MAKE THE LAWN bed smooth and water to bring up any stray weeds and to settle soft spots, then smooth again, using a roller (you can borrow a roller and fertilizer and a seed spreader from your nurseryman).

Fertilize and then spread the seed uniformly by hand or with a spreader raking in the seed and mulching it with peat moss or screened sawdust.

Water regularly to keep the mulch dark with moisture until all the seeds have germinated and are up through the soil. Do not mow your newly planted lawn until it is at least 2 inches high.

AS THE SUMMER months progress and your lawn continues to grow, be sure to continue a regular watering and feeding program.

Feed with a commercial fertilizer every two or three months, a light application of nitrogenous fertilizer each month and a complete chemical fertilizer twice a year.

A grass lawn will probably need mowing once a week at least, depending, of course, on the grass type, the climate, your feeding and watering schedule.

Occasionally leave the grass clippings on the lawn to add organic matter to the roots and replenish the soil with nutrients.

Farm Bureau To Hold Dinner

John K. Chapel, news director of Radio Station KLX, Oakland, will speak at the annual dinner of the Contra Costa County Farm Bureau tomorrow, according to Bob Windeler, president.

The dinner will be held at the Masonic Temple, 1765 Galindo Street, Concord, at 6:45 p.m. Reservations may be made by calling Mrs. Elaine Tod, county secretary, at the Farm Bureau office, MUlberry 5-8261.

TB Group Holds Annual Dinner

The Contra Costa Tuberculosis and Health Association held its annual dinner meeting Monday at the Orinda Willows.

Dr. Henrik Blum, county health officer, spoke on "When Will We Really Control TB in Contra Costa County."

Dinner arrangements were planned by Mrs. A. H. Bastian of Orinda.

Music Group Is Seeking New Members

Groundwork for the first annual membership campaign of the Mt. Diablo Civic Music Association was laid last week when officers, division chairmen and captains met with Alex West, Civic Concert Service representative of New York.

The drive opened Monday, and will end tomorrow. Headquarters have been established in Lockwood Hall, adjacent to the First Prsebyterian Church in Concord.

The association will present a series of concerts by nationally recognized artists starting next fall, according to President George Prall.

At least three concerts will be given in the Mt. Diablo High School auditorium he said. Membership in the Mt. Diablo Civic Music Association allows those interested to attend concerts given by the Oakland, Richmond and Vallejo Civic Music Associations. Members merely present their membership cards at the door for admittance, he added.

Officers of the Association include Mrs. Marjorie C. Lubeck, secretary; Mrs. Hazel M. Thomas, treasurer. Mrs. Ruth E. Sisson, Harold B. Godchaux and Reverend E. I. Bradley are vice-presidents.

Memberships in the association will be available through April 21 either through volunteer canvassers or directly at campaign headquarters.

This is your community. Help make it a better place to live in.

Take Stock Now In Public Schools

Next week will be Public Schools Week. Once again, throughout California, the general public will renew its contacts with our schools and will refresh its understanding of school problems and objectives.

The same week-long program that will accomplish this for parents will also aid school administrators and teachers in strengthening their accord with parents.

And out of it all will come new impetus to the constant effort to attain the best possible educational system for our sons and daughters—the future citizens of our country.

Here in Central Contra Costa County, Public Schools Week will be observed with appropriate emphasis. A major part of the program will be the open houses to be held at the various schools in the area.

These open houses will, of course, dramatize the many study and craft projects under way at the various schools.

They will offer the opportunity for all concerned—parents, teachers, administrators, trustees and students—to "take stock" and become more intimately aware of what is going on in our public schools.

Public Schools Week also is an appropriate occasion to pay tribute to the excellent work of the trustees, administrators and teachers, and to the community-conscious endeavors of the parents and the various parent-organizations.

In addition, it serves as a reminder of the importance of voting at the annual school trustee election May 18, and of understanding the meaning of the school bond issues that come up from time to time.

It has often and aptly been said, "School business is everyone's business." To that could very well be added the observation that there isn't any business that's more important.

Civil Liberties Group Meets

The fourth annual membership drive of the American Civil Liberties Union opened Wednesday night with a talk by Northern California branch director Ernest Besig at the home of Mr. and Mrs. Fred Dyer-Bennet in Walnut Creek.

Besig spoke of the recent activities of the ACLU and its plans for the year ahead. He indicated that the $6000 sought by the Northern California branch is earmarked for the educational fund, and will go toward a year-round program of lectures and other work with high school and college age young people. The program will include speakers of national prominence.

Local members serving on the drive committee are chairman Gordon Kull, David Comstock and Thomas Kendall of Walnut Creek; William McKee, Mrs. Vera Hopkins and Mrs. Barbara Suczek of Lafayette; David Edwards, David Bortin and Donald Sanford of Concord, and Ed Leshan of Danville.

What They Say

How Youth Units Score . .

A. E. Lonnecker of 214 Poshard Street, Pleasant Hill, said, "The more time you spend with youngsters the better for them and you. I think that there are many active groups in the area. This tends to keep down the incidence of crime.

Glen Allen of 1510 Westwood Court, Walnut Creek, declared that Walnut Creek is better represented than most areas from the adult leadership standpoint.

"But we can always use more help. I'm on a committee for Boy Scout Troop 214 which holds monthly meetings at the Elks Club. My son, Glen, is 12, and has just passed his first class tests. We have about 45 scouts in the troop."

She doesn't know too much about youth acitvities hereabouts, says Mrs. J. E. Whittington of 116 Patterson Boulevard, Pleasant Hill. But she will.

"Our son, Richard, is 6 years old, and is eagerly looking forward to joining one of the cub troops, or some other group.' The Whittingtons also have a daughter, Sheryl, age 1 year.

Her daughter is Girl Scout leader, and granddaughter a member of a Girl Scout Parkmead Troop, says Mrs. Lloyd M. Combs of 1410 Creekside Drive, Walnut Creek.

"We all went to the annual girl scout event at Acalanes High School Saturday. A lot of hard work goes into something like that."

The daughter is Mrs. Betty Christensen, and granddaughter is Kathy Christensen, age 10. Kathy help in a group which displayed ceramics.

With the various youth groups of this area constantly "on the go" in their many activities, The Sun's thumbnail-interview researchers, armed with notebooks and pencils, asked the following query this week:

"Do you think the Boy Scout, Girl Scout, Campfire Girl and YMCA programs in this area do an adequate job for young people? Do you think more adults should participate as leaders?"

Mrs. Don E. Doten of 6 Via Hermosa, Orinda, said:

"I certainly think adults should participate as much as they can. I have a boy who has just joined the Cub Scouts, and he likes it very much; I think it's wonderful for him. I really don't know whether the youth programs in this area are adequate, though."

"IN GENERAL, I think the youth groups do quite a good job; I'm all for them," said John S. Peters, 390 Hermosa Court, Lafayette. "Around here, I'm not so familiar with them. I was a Boy Scout myself in Berkeley, when I was a boy, and I'm all for it. We have one son, Gary — almost 5 months old, still in the cradle. I hope he'll be a Cub Scout and the na Boy Scout — it'll be goor for him.

"Certainly, adults should participate. I was helping out here for a time in the formation of Boy Scout Troop 243."

Mrs. Andrew A. Knudsen, 553 MiMner Road, Orinda, stated:

"I THINK MORE adults should participate. I was a Girl Scout troop leader, and the trood didn't function when the other co-leader and I couldn't do the work any more; finally, another troop took the girls in.

"My husband and I have both been active in scouting. I'm not in it right now, but my husband is on the troop committee of Boy Scout Troop 247. Our son, Jeff, 11, is a Boy Scout. Our 14-year-old daughter, Carol, is a Girl Scout; Andrea, 7, will start in the Brownies in the fall; Kay, our baby, will be one year old in May."

"MY CHILDREN aren't old enough for scouting," Mrs. James B. Simonds, 640 Los Palos Drive, Lafayette, said. "But, from the people I've talked to, who have children in scouting, I do believe parents should take a more active part, and that there's a lot to be done.

ECCJC to Hold Open House

Strides made in the building program at East Contra Costa Junior College and the further development of education programs within the past year will be on display Sunday afternoon, April 22 as the college staff and students hold the fifth annual open house for the public.

The two-hour event from 2 to 4 p.m., will be in the nature of a kickoff for the general observation of Public Schools Week by all schools of the county.

ACCORDING TO ACTING College Director Reed L. Buffington, classrooms, buildings and laboratories will be open to guests. More than 25 displays and activities have been scheduled. Light refreshments will be served by the ECCJC Womens Club.

Among the displays will be those in art, dental assisting, social science, physics and geology, health education and physical education, student government activities, student personnel counseling, zoology, business machines operation, the humanities, journalism, speech, engineering, vocational nursing, secretarial science and business administration foreign languages, electronics, mathematics and the parent-child laboratory.

WORK OF EVENING classes in the program for part-time students will be shown as well as an exhibit of books, graphs, films and other materials used in various courses.

The classes which are supervised and in most cases, taught by four district coordinators will be illustrated through teaching materials, also.

Time permitting, there will be an exhibit of Californiana in the new library quarters.

Costumed health education and dance students will appear in a half-hour program from 3:15 to 3:45 p.m.

Letters to The Editor

WATER DISTRICT

It is very difficult to understand the adverse stand Attorney John Nejedly takes on the forming of a water district for the San Ramon Valley area. How can there be such objections, what is the motive, why should there be an objection to the area getting good water and for less cost? Could it be that he expects the entire area to be incorporated into the city of Walnut Creek?

If it is insinuated that the E.B.M.U.D. would use the new law to annex the area, it should be pointed out that the E.B.M.U.D. is a public utility and its aim is to give the area good water service and not to compete with private utilities. They have so stated—"We will only serve the area by formation of a water district and by buying the California Water Service who will turn the service over to use for rebuilding."

Not expressing an opinion for or against annexing to the City of Walnut Creek, it should be pointed out that the same problem of obtaining E.B. water exists after incorporation as in areas outside of the city. The existing water system has to be paid for by the area receiving the benefits, with this difference, as it is with the sewer system, it is paid for by cash or by bonds at 6 per cent, whereas the water district bonds will be approximately 3¼ per cent.

The inunedoes and mis-statements about the dictatorial management of the district by the directors, as stated in the Oakland Tribune, surely must come from misinformation and the public should be enttiled to the facts.

REGARDING TRANSIT

Dear Editor:

Enclosed you will find an article from the San Francisco Chronicle. I sincerely hope you and all the supporters of the East Bay Transit Plan will read it word for word, and then get the full meaning that appears between the lines.

(The article referred to was about a report by the State Public Utilities Commission that transit lines in California, with the exception of Pacific Greyhound, carried fewer passengers last week and made less money than in previous year.—Editor)

The horse was once an outstanding mode of transportation, and I will not deny that it did a wonderful job for centuries.

The transit lines are fading, like the horse, because they fail to give the diversified transportation demanded in these modern times.

We are in the era of atomic power, air travel and supersonic speed. If we are going to spend billions, let us spend it on the "new model." Not on a dressed-up version of a model that has seen its day.

Under The Sun

By Herman Silverman

The district attorney 'scandal'

The policy of The Sun is not to print a letter-to-the-editor unless the writer signs his name. (We will withhold the name from publication if so requested.) However, today, I am going to break that rule. The subject is so important as to warrant breaking our rule. Here it is:

DEAR EDITOR:

The Contra Costa District Attorney's office is the biggest public fiasco in Contra Costa County. Francis Collins has part time deputies who devote full time to private practice.

Collins defends this on the basis of thus being able to get high type personnel. But, go on with the story.

Look in your phone book and see if you can find one single Collins' deputy listed.

Where, then, are the private offices for private practice? Where are the private stenographers and the private telephones? Or are the public stenographers and public telephones the substitutes?

Collins has a fairly good answer as far as it goes—but that doesn't cover the point just mentioned. Neither does it cover this point:

Is justice blind?

Justice in Contra Costa County is outrageously compromised (look into the records or talk to the justices of the peace) for the purpose of saving deputies' time for their private practice.

Francis Healey was elected district attorney on just such an issue. Collins' office is a big time joke, with a lot of bluster. Tackle him on this—with the record behind him—and you have him.

Go to the records, the records, the records. Just check the court cases and see what happens to them.

P.

Why bring this up?

Signer "P" is probably an attorney, for the lawyers in this county are taking a terrible beating from the existing set up. But that isn't why I print this letter.

It is not common knowledge that 1) our district attorney himself has one of the most lucrative law practices in the Bay Area or that 2) his deputies profit heavily because of their positions. Attorneys know about it; newspaper and governmental people know about it; but the general public does not.

Governor Goodwin Knight knows about it and had the courage to take action. Some months ago the legislature passed a bill increasing the salary of our county's district attorney. The governor vetoed the bill with a statement that our present D.A. does not deserve the increase because he spends too much time on his private practice.

Not new—to you . . .

When I say the "public" does not know about it, I do not include readers of The Sun. This column and this paper have discussed the problem for several years—plus the fact that our District Attorney has a known record of past association with the county's former gambling czars, Pechart and Kessel. We've printed these facts many times, with substantiating proof.

What can be done about it?

Elect in 1958 a district attorney who promises to devote full time to his post.

Demand of our supervisors that they use our district attorney for all county law business, rather than hire expensive outside lawyers for special jobs, as is done now.

Ask our state legislators to sponsor and actively support a bill in the next session making the D.A.'s office a full-time job.

Attention: Grand Jury

Demand a full and thorough investigation by the County Grand Jury. This might be difficult because the D.A. is the legal advisor to the Grand Jury but the jurors can do it, if they so wish. A new grand jury will take office in June.

Ask our board of supervisors to appropriate some funds so the Grand Jury can hire an investigator. Grand Juries in the past have recommended this but have always been turned down.

Ask the county bar association to conduct an investigation.

Well . . . I really did get on a soap box. This is, however, a serious situation.

What do you think?

A three-tiered wedding cake, with bride and groom figures trimmed with rosebuds was the centerpiece, and was cut by the newlyweds.

Ballet Funds Given to Aid Crippled Kids

Acalanes aduitorium filled up quickly last Friday night to enjoy "An Evening of Ballet" by Julie Hesse's pupils, for the benefit of crippled children.

Mrs. Hesse, ballerina from Germany, now living in Orinda, had spent many months training her Orinda and Lafayette students for the recital. Colorful costumes, designed by Mrs. Hesse and executed by the parents, gave the final professional touch.

The program started with Les Sylphedes, danced all in white costumes by the older pupils, followed by Festival of Spring, featuring Pamela Martinson and Raelee Wiles of Hidden Valley, who did a toe dance dressed as "Magic Birds."

The second half of the program contained a Rumanian dance and a Dutch shoe dance. Twenty little students danced to the Skater's Waltz in red skaters' costumes with white fur muffs. Parisienne music added a gay touch for a number called "Maids and Cooks," followed by the waltz from Gaiete Parisienne, danced on toe by three girls charmingly costumed in pink tutus and their partners in pink shirts and black toreador pants.

Climaxing the second half, Julie Hesse, attired in a peasant costume performed her famous Austrian Peasant Dance, for which she was famous on the Continent.

Programs for the benefit recital were designed by Mrs. Van Peabody's daughter Keren Van Peabody and featured the slogan "We Dance So They May Walk."

Rams Defeat The Antioch Panthers, 10-2

Pleasant Hill's Batting Makes Sharp Recovery

By MIKE FARMER

Seeking revenge for Pleasant Hill's loss to Acalanes last week, pitcher Ray Johansen put away the Antioch Panthers with one hit in a 10-2 Ram victory Tuesday.

A sharp recovery in Ram batting ability aided Johansen, who went the distance for Pleasant Hill. The Rams received one hit for each of their ten runs.

AS THE Rams came to bat in the last half of the first inning, they trailed Antioch 1-0. Beginning with lead off man Tom Larscheid, who was allowed a single on an error at third base, Pleasant Hill's luck began to change. Shortstop Walt Robb was given a walk, moving Larscheid to second. A double from the bat of second baseman Bill Nixon scored Larscheid and Robb.

The Rams' sigh of relief at having tied the score was abruptly terminated as the next batter, Leon Lewis, smashed a line-drive foul into the dugout, clearing five yards of bench.

Lewis went on to strike out.

Left-fielder Dave Bartels, who has developed onto one of the team's leading power hitters, drove a single into center field to score Nixon. The score was 3-1 in favor of Pleasant Hill at the end of the inning.

THE RAMS took up scoring again in the third inning as the first two batters, Nixon and Lewis, were hit by pitched balls. Up next was Bartels, who doubled to drive in the two runners. Bartels was left on base at the end of the frame.

When they came to bat for the last time, the Rams turned in the best scoring effort of the game. Five runs were scored on four hits, two of which were doubles.

Johansen led off the big frame with a single. Larcheid sacrificed him to second and Robb walked. Nixon went to first on an error and Bartels hit a fly to center, which was officially scored a sacrifice. One double apiece for third baseman Jack Ulrich and center fielder Jim McMillin ended scoring for the game.

A HOME-RUN by Panther first baseman Goulart accounted for one of Antioch's two runs and the only hit given up by Johansen.

The Rams have suffered two league defeats at this point and are tied in the championship race. They have yet to meet Diablo. After this game they will repeat the cycle, playing each team once more.

Bowling League Action Continues Into Springtime

The fortunes of three area bowling leagues—the Monument Majors, Diablo Valley and Diablo 750 Handicappers—were reported recently.

In the Monument Majors, Farmers Market is still winning as they took 3 from Los Medanis Electric to hold the lead by 3 pts over Martinez Druids No. 1 who won 3 from Vic Jones Roofing. Howard Blair of Walnut Creek Electric with games of 192-176-252 and a 620 series was the leading bowler.

In the Diablo 750 Handicappers, Walnut Creek Food Mart defeated the league leaders, Engrs. Ltd. Pipeline Co 3 pts but could not overcome the Engrs for the last point to leave the Engrs in 1st place by 1 pt.

Danville American Legion No. 1 and Mitches Club fought to a tie to remain tied for 3rd position. Chuck Voorhees and Pop Peterson of Mitches Club took the honors with Chuck shooting a 193-167-191 for a high of 551 series and Pop shot a 208 for high game.

In the Diablo Valley, Monte Gardens Market lost 3 to 4-Corners Liquors but still hold the lead by 8½ points over H20 who won 3 from Royal Tire Service.

George Harris of Walnut Creek Sheet Metal had games of 162-173-172 for a 513 series to top the league in the series department. Al Penny of Monte Gardens Market with a solid 204 took individual game honors.

Acalanes Edges Knight Tennis Team by 4-3

The Acalanes Don tennis team traveled to Walnut Creek April 10, to meet the Las Lomas Knights, and while they did get in some play, they were stopped by rain and had to resume play on Friday the 13th. This proved unlucky for the Knights, as they wound up on the short end of a 4-3 score.

Roger Snyder of the Knights copped the first doubles by defeating the Don's John Hall, 6-1, 6-0.

Bob Adler was another Knight winner when he trimmed Bob Steubens of the Dons in a close match, 7-5 and 6-4.

THE THIRD WIN for Las Lomas was registered in the doubles when Paul May and Bill Deubner of the Dons dropped their match to Rusk and Arno of Las Lomas, 6-3, 5-7 and 3-6.

Winners for the Dons included Len Saputo, who took Jerry Overstreet by outlasting him after dropping the first set 6-1, to win the next two 6-3 and 7-5.

Bill Deubner chalked up a win over Arno of Las Lomas with a 7-5 and 6-2 count.

DOUG KROTZ gave the Dons the third singles play when he won over Rusk 6-1 and 11-9.

Acalanes Junior Leaguers To Get Smaller Diamond

By ERWIN MATTSON

Plans are in the making to construct a smaller diamond for baseball play at Acalanes field.

A group of volunteer workers has put its services on the line and the necessary financial aid looks to be in the offing.

Walnut Creek has several diamonds available for Junior League play but could use more, what with several hundred eager beaver Juniors ready to take to the sport.

In reality several size diamonds are actually needed to accommodate the various size and age groups.

LITTLE LEAGUE rules go for 60 foot bases which makes for quite a jump when they go to the 90 foot variety.

A group of local Juniors under the sponsorship of Sports and Games went went to St. Helena recently and one of the problems was the distance of bases.

The St. Helena group used 80 ft. bases and 55 feet for the pitcher.

In addition the infield was all grass and that made for a fast hop on the ball.

All of this led to numerous nuisances which, coupled with numerous walks, resulted in a 20-18 final score favor of St. Helena.

A good contingnent of fans was on hand and many parents made the trip.

Everyone played and while it's never fun to lose, a bit of valuable experience was gained.

THE SPRING sport activities are moving along and at this stage it looks like a tight baseball race with Pleasant Hill, Diablo, Pittsburg and Antioch bunched.

The Pleasant Hill Rams promise to develop into a "red hot" baseball school.

Interest in the diamond game is probably the highest of any school activity.

Coach Lyle Palmer has a fine crew this year and a good crop of young ball players coming up.

Principal Art Bloom is a great fan and booster and for good reason. He was, in the not too distant past, a varsity pitcher for the California Bears. Needless to say he has given considerable help to the Ram throwers.

The Ram pitchng is good, and is one of the reasons for rating them high in the standings.

THE ACALANES swimmers are having their troubles in dual meets as they lack sufficient depth and have to rely on first places to win.

They stand a good chance in meets where several schools are entered and are definite title favorites in the county meet which will be held at Las Lomas.

With a break or two the Dons with pace setters "Corky" Kiesel and George Harrison could cop the North Coast title.

TWO SCHOOLS in the local prep league have gymnastics on a competitive basis.

Mt. Diablo and Pleasant Hill are the schools taking part in the sport. Pacifica is the only school represented in wrestling, a sport which is particularly active in the Oakland Bay Area.

Considerable discussion is going concerning the possibility of spring football in high schools of the league.

Several principals have expressed themselves as being in favor of the move which means gym suits and football shoes only. Could be that it will get the O.K. this year, but if not, next year does look as if spring practice will become a reality.

THE SPRING practice session would take place at the conclusion of spring sports. A decision will probably be reached in the very near future.

Junior Baseball Leagues Set, Ready to Play Ball

Sixteen teams have now been formed in the 11-13 year age group for the Junior Baseball program. A 10-team league consisting of the older and advanced youngsters will be called the Eastern National League.

A six-team league will be the Western National League. The recreation department will put any boy on the waiting list if he has not yet been assigned to a team.

Getting 16 sponsors for this group was quite a job for the few people who helped so much to secure them. Any new team must have a sponsor and unless interested parents help these boys, they will have to fill in if boys drop out during the season.

League play cannot be held up any longer, so as of this week 192 boys are set to play. Bob Maxey, recreation department supervisor, will answer any questions.

THERE SEEM TO be only the same fellows who worked so hard last year along with a few new men interested enough to come out and help manage or coach a team this year, and gentlemen who have no boys have to pitch in and help.

Any father who can either manage a team or coach should contact Maxey at YE 4-7117 at once. It may mean helping some young fellow — even your own.

In the Coast League (8½-10 years) there are 16 teams set up and sponsors are needed badly for equipment. The cost is $65 to sponsor these fellows, and it includes all equipment and caps and jerseys. Gord McNulty announces that Lafayette will have a mass meting Tuesday at the Lafayette School and boys who want to play ball in that area will be discussed at a parents meeting.

The 10 teams in the Eastern National League include the following sponsors, followed by their managers:

HENRY J. KAISER, Clayton — Vince Graziano; City School of Music — Scotty Remy; Van Horn Motors — Jim Roesller; Sports and Games — Red Jones; Al Perriera Excavating — Marion Stephenson; Maple Towne—Bob Loane; Contra Costa Speedway — Pete Rice; Holiday Kitchens — Wes Mallo; Schroeder's Insurance — Capt. Schatz; Diablo Drug—Merv O'Donnell.

The Western National League includes sponsors Kitty Bar, Lucas Motors, Arabian Colts, Hendrick Piano, Bill Hayward and Kiwanis Club.

PH Gymnasts Down Richmond

Pleasant Hill varsity gymnasts, led by three-year letterman Charlie Cox, defeated Richmond 78-64 in the Diablo gym Friday night.

Cox took six firsts, two seconds and a fourth to score 40 points and walk away with high point honors.

DIVIDING with Cox the nine out of 10 first places received by Pleasant Hill was a newcomer to the squad this year, Gilbert Jara, who won three events. Richmond won only the rope climb event.

Individual Pleasant Hill scoring went as follows:

Rope Climb — second, James; third, Jara. Free Exercise—first, Cox. Horizontal Bar — first Jara; second, Cox; third, LaFrance. Side Horse — first, Jara.

PARALLEL BARS—first, Cox; second, LaFrance. Doubles—Cox and LaFrance. Long Horse—first, Cox. All Around—first, Cox; second, Jara.

KC Will Hold Dinner-Dance

A dinner-dance will be held tomorrow night by Lafayette Council, Knights of Columbus, at the Holy Ghost Hall, Saranap. A well-known orchestra will furnish the music, according to Al Weber Jr., grand knight.

Cocktails will be served from 7 to 8 p.m. Admission price is $3.25 a person. Tickets may be purchased at Normand's Jewelers, 8 Plaza Way, Lafayette.

Ram Swimmers In Good Marks But Trail Meet

After turning in some of the best individual times of the season April 11, the Pleasant Hill swimming team wound up on the short scoring end of a triangular meet with Mt. Diablo and Washington in both varsity and lightweight divisions.

Varsity scoring resulted in favor of Diablo with 54 points, Washington and Pleasant Hill receiving 33 and 14 points respectively.

PLEASANT HILL varsity swimmers placed in the following events:

50 Free — Wilson, in tie for second; Ritchie fourth.

*100 Breast — Pine, second; Dathe, fourth.

*200 Free — Hutchins, fourth.

*100 Back — Abernathy, third.

100 Free — Ritchie, fourth.

Diving — Garren, third; Stanley in tie for fourth.

THE B's fared just as poorly, but B swimmer Peter Jacobson took Pleasant Hill's only first place (in the 50 yard freestyle) with the best lightweight time of the season.

The B's placed in these events:

*50 Free — Jacobsen, first.

*50 Back — Wolfe, fourth.

*100 Free — Hastorf, fourth.

Diving — Wolfe, fourth.

***INDICATES** best individual seasonal times.

Washington won the lightweight division with 43 points. Diablo received 37 and Pleasant Hill 8.

Friday 13th Was Lucky Day

Friday the 13th proved to be a lucky day for Pleasant Hill finmen as they swamped Harry Ells High, 41-27, at the Richmond YMCA.

Competition was, perhaps, limited since Harry Ells is not a four-year high school.

BOB RITCHIE and Ken Pine provided the highlight of the meet as they placed first and second respectively in their first attempt at the 100-yard backstroke.

Varsity scoring went as follows:

60 Free — second, DePuy; third, McKay.

100 Breast — first, Dathe.

200 Free — first, Hutchins; third, Abernathy.

100 Back — first, Ritchie; second, Pine.

100 Free — second, Wilson.

160 Medley Relay — Pleasant Hill (Abernathy, Dathe, Pine, Hutchins.

160 Free Relay — Pleasant Hill (Ritchie, DePuy, McCay, Wilson).

The B's duplicated the 41-27 score.

HIGH POINT of B events was Art Jacobsen's win in the 200 yard freestyle swim — a first for Pleasant Hill.

B swimmers placed in these events:

60 FREE — third, LaForce.

100 Breast — second, P. Jacobsen.

200 Free — first, A. Jacobsen.

60 Back — second, Wolfe; third, Williams.

8880 Medley Relay — Pleasant Hill (Fittinghoff, Taylor, Wolfe, LaForce).

Rams, Knights, Dons All Set For Busy Week

The rains came — and temporarily put a damper on spring sport activities. However, most events have been made up or rescheduled, and from here on in to championships, county, North Coast and state meets, it looks to be clean sailings.

The pace quickens in the home stretch and some outstanding, all-around performances appear to be on tap.

Schedule of events for the coming week is as follows:

TODAY — This afternoon the Don swimmers play host to Tamalpais, which to date is undefeated in dual competition.

The Dons lack depth and will have to rely on first place domination if they are to win.

Close, but the edge in a dual meet goes to Tam on the basis of record.

TOMORROW — It's the Alhambra Relays at Martinez, with every event a relay.

The Acalanes Dons and Las Lomas Knights are entered.

Neither figures to win the grand total but could come through with trophies in one of the events.

MONDAY — It's a big day, with Pleasant Hill and San Ramon golf teams trading swings at the Diablo Country Club in league play. Tab the Rams to win. Play starts at 4 p.m.

The swimmers of Ram Coach Art Poulin figure to splash their way to a win over the John Swett Indians. The meet starts at 3:15 in the Diablo pool.

In golf, the Dons play host and figure to beat Antioch in matches at the Orinda Country Club. Tee-off time: 4 p.m.

TUESDAY — It's a bye date in baseball, with Acalanes and Las Lomas making up a rained-out contest. Game time: 4 p.m. — place. Acalanes — favorite: the Dons, with home field advantage.

Pleasant Hill gets into the act when its gymnastics team meets Carlmont High at Carlmont somewhere down the peninsula.

WEDNESDAY — It's track time, with the Acalanes Dons and El Cerrito Gauchos having at it on the Acalanes oval at 3:15.

El Cerrito has too much in the varsity — give the Dons the edge in the Bees.

THURSDAY — Las Lomas meets Antioch in tennis and baseball at Antioch. Las Lomas to take the tennis, while Antioch rates the odds in baseball.

Diablo brings tennis and baseball to Acalanes.

The Don tennis team won in first-round play at Diablo and figure to repeat.

The Devil horsehiders beat Acalanes 2-0 in the league opener, and to date are the only undefeated (but once tied) team in the circuit. The Devils have the edge, but it's close.

NEXT FRIDAY — The Pleasant Hill gymnasts get their second workout of the week in competitive circles, meeting Richmond High at Diablo.

In track, Pleasant Hill hosts and will no doubt wallop Pacifica, which simply has too little. Starting time is 3:15 p.m.

In golf, the Dons of Acalanes play a practice game with the Piedmont Highlanders. It's 4 p.m. at Tilden.

SATURDAY, APRIL 29 — Acalanes and Las Lomas try their luck at the Stockton Relays. Competition is tops here. Could score in a loaded event.

Dons Whiff Rams, 6-1

The Acalanes Dons had been having trouble in getting hits and scoring runs up to April 12 but they made up for it that day when they racked two Ram throwers for 10 safeties, to score 6 runs and defeat the Pleasant Hill lads, 6-1.

The Dons pitchers, Steve Jordan and Mike Barrett, combined pitching efforts to allow the Rams one run on 2 hits.

THE RAMS' two safe blows came off Barrett, who gave up a single to leftfielder Dave Bartels in the sixth and another single by Shortstop Walter Robb in the seventh.

The Dons got into the swing column early getting 3 runs in the second frame off starter Ray Jahansen when they banged out 3 safeties.

First Baseman Jim Dinkel led off with a single, and Leftfielder Al Sutton made it two on when he followed with a single to left field.

Third Baseman Richard Markstein loaded the bases when he walked.

SHORTSTOP Gary Hansen, with a 3-2 count, received a base on balls, to force Dinkel in with the run.

Sutton and Markstein added 2 more when Pitcher Steve Jordan singled.

That ended the scoring until the third inning, when the Dons tallied 3 more times.

The Rams came back to score in the bottom half of the third, when, with two away, First Baseman Bill Locatelli, who was on via a walk, scampered home when Second Baseman Bill Nixon hit a ball to center field that was dropped by Lou Marell.

THAT ENDED the day's scoring, with the Dons registering the win 6-1.

Jim Dinkel won the day's big sticker with a pair of singles and a double in four trips to the plate.

Steve Jordan, who started on the mound for the Dons, was credited with the win, going the first three frames and striking out two and issuing two walks.

Mike Barrett, who finished up, gave up two hits while fanning eight and walking one.

On the other side of the ledger, starter for the Rams on the mound was Ray Johansen, who went until midway in the third frame, gave up 7 hits and walked those without a strikeout.

Al Locatelli, who did a fine relief job, whiffed nine and gave up one walk.

Don Tennis Team Defeats Rams by 5-2

The Acalanes Dons and the Pleasant Hill Rams met in league tennis matches April 12 and after the final ball had been hit, it was the Dons, 5-2.

The Rams won one singles match and one doubles.

IN THE SINGLES, Dick Hatsten (P.H.) defeated John Hall (A), 2-6, 6-3, 6-4.

Len Saputo (A) measured Jim Cunnison (P.H.), 6-4, 5-7, 6-1, while Bob Steuben (A) outstroked Lyle Morton (P.H.), 6-0, 6-0.

In the two other singles, it was Bill Deubner (A) over Larry Hedberg (P.H.), 6-3, 6-2, while Doug Krotz (A) won over Mike Sturman (P.H.), 6-1, 6-3.

IN THE DOUBLES, Hedberg and Sturman (P.H) lost to Saputo and Steuben (A), 6-2, 8-6.

The Rams added a win when Hedberg teamed up to defeat May and Brackett (A).

BROOKSIDE HOMES ARE DIFFERENT!

If you want a home that looks pretty much like the hundreds of other homes in a great big tract — then Brookside is **NOT** for you.

But if you want a distinctively styled 3-bedroom, 2-bath home in a small secluded development where a total of only 79 homes can be built — then you'll love Brookside.

There are now just 15 sites remaining — so now is practically your last chance to get one of these rare values with such outstanding features as:

Kitchens with mahogany cabinets, formica counters, built-in G-E range and oven . . . sliding glass wall to patio area . . . fireplace . . . central heat . . . tile baths . . . lots of big closets . . . 1260 square feet of living space . . . double garage plus workshop space . . . 80x100 foot average size lots with several mature walnut trees on each . . . new elementary school joining development . . . and many other nice touches for gracious living with all city conveniences usually found in more expensive homes.

Wallace Urges Charter Setup

A home rule charter government was urged by C. R. Wallace, candidate for supervisor for the Second District, in a series of speeches recently.

The charter government plank of his platform was stressed at a meeting of the Democratic Club in Danville, at the Republican Assembly meeting in Lafayette and at a rally in Orinda. Wallace, a retired brigadier general of the U.S. Marines, declared our present government is based on state laws, many of which are 100 years old, "devised for special conditions of horse and buggy days" which can "no more achieve the ideal of efficient economical government than could the rutted dirt roads of 100 years ago take care of our fast-moving automobile traffic."

Wallace said that the county lacks a full fledged executive head, answerable only to the Board of Supervisors, to coordinate the activities of the county departments.

He pledged his support to bring about adoption of a home rule charter to Contra Costa County, and suggested that a provision of that charter should be that supervisors should be eligible for only two consecutive terms in office.

The four main points in Wallace's platform are listed by him as:

"1. Establishment of master plans for all areas.

"2. Modernizing our county government by working to establish a charter form.

"3. Development of more parks and recreational areas.

"4. Preparing now for our ultimate growth by establishing programs for highways, rapid transit and water resource development."

He held me in his arms and whispered in my ear . . . then I knew we had much in common: He's going to Diamond K Supply's garden tool sale too!

Peterson Named Chairman for Doyle Campaign

Ben Peterson, Brentwood real estate and insurance broker, and a high school companion of Don Doyle in the 1930's—today became county chairman of the Don Doyle for Assemblyman campaign committee.

Peterson promised an active campaign in which Doyle himself will canvass homes throughout the county. A campaign oragnization is being formed at precinct level.

Doyle will begin personal campaigning next week, when he returns from the AFL Operating Engineers Union convention in Chicago He is a delegate to that conclave.

Peterson called for Democrats and Republicans alike to join in re-electing Doyle to a third term as State Assemblyman in the June 5 primary election.

Doyle, first elected from a field of eight candidates in 1952, was re-elected in 1954 by a 16,000 vote majority. He has been endorsed by the Committee on Political Education, the political arm of the Contra Costa AFL-CIO Council.

The Doyle campaign will stress direct accomplishments for Contra Costa. This is to include the county's current $50 million state highway construction program, the nearly $1 million obtained by Doyle for county flood control work, and his successful fight this spring on behalf of rapid transit for Contra Costa, Peterson said. Doyle's contribution to Contra Costa schools, as chairman of the Assembly Committee on Education, will also be stressed by Peterson.

'Battle Page' To Bring Readers Political Word

As the political scene becomes more hectic and the June primaries approach, discussion turns more and more to government and the candidates who are running for public office.

It has long been the policy of The Sun to present all sides of political discussion, and to print statements by candidates when they are submitted, if they are newsworthy.

As a regular feature, in accordance with past policy, The Sun will present each week a "Battle Page," wherein candidates may present their message.

In accordance with its pledge to present fair and impartial coverage, The Sun will continue to present candidates, statements as they are submitted, so long as they are newsworthy. Pictures of candidates as they announced that they would seek office have already appeared in The Sun if the candidates submitted their picture with their announcement.

Planning Needs Cited by Larmer

Edward M. Larmer of Lafayette, candidate for supervisor from the Second District, yesterday urged application to planning and zoning of "the businesslike methods and the sound judgment that have been accorded to school problems by our school trustees and administrators."

"Everyone agrees," Larmer said, "that the schools have done and are doing an effective job in planning what their employed experts have informed them they will face. It has not been done haphazardly. It has been approached with realism. Research institutes have been employed and they have applied statistics that convinced people the plans they provided are necessary.

"The peoples' acceptance has not only been reflected in voting millions in bonds but it has been established by their authorization of millions in state loans.

"Let us apply the same expert counsel to our planning and zoning problems."

The candidate stressed other problems.

"The Second District sorely requires rejuvenation and reconstruction of back roads," Larmer said. We have need of crossing guards protection for our children. We should have extended police protection, as has been advocated by the sheriff. We should press a purely local study of transit plans and needs. We should renew our highway efforts."

Opening of Larmer for Supervisor headquarters at 3659 Mt. Diablo Boulevard, Lafayette, was announced last week by the candidate.

The office will be staffed by Mesdames Jack Davis, Jule Lindsey, Paul May, George Olmstead, James Shierry, Byron Whealen and Ralph Reichert, all of Lafayette.

Pedder Campaign Gets Under Way

Campaign efforts for Jack Pedder, Republican candidate for state senator from Contra Costa County, got under way this week after Pedder arrived back in Lafayette from a 10-day trip with his wife to Mexico City and Acapulco.

"From the tepid water of Acapulco to the political hot water of Contra Costa," quipped Pedder as he stepped from the plane and announced the appointment of his brother, Robert J. Pedder, attorney, as his general campaign chairman and stated that the appointment of local chairmen will follow soon.

Pedder, a real estate and insurance broker in Lafayette for 15 years, is a former chairman and new secretary of the Republican County Central Committee. "This will be another Republican year," Pedder said, "and led by President Eisenhower and Senator Kuchel with Congressman John Baldwin and Assemblyman Donald Doyle from this district, I hope to complete the ticket by securing the Republican nomination for state senator from Contra Costa County."

Quinney Criticizes Baldwin

Dr. H. R. Quinney, Democratic candidate for Congress, today charged that his Republican incumbent opponent, John Baldwin, has "leaned over backwards to keep his campaign promises to special interest groups but has completely failed to keep his promises to the people of this district."

"Baldwin made many fine promises to win votes, but when the time came for action in Congress either he saw fit not to fulfill his promises or he did not know how to get the job done," Quinney charged in a speech before the Lafayette Democratic Club at the home of Don Votaw of Lafayette.

"Baldwin declared himself in favor of protection of civil rights, elimination of segregation or discrimination based on race, color or creed; elimination of poll taxes anti-lynching legislation, but he did nothing to further them, neither by supporting someone else's legislation nor by introducing any of his own," Quinney stated.

"He did go so far as to introduce a bill for the extension of Contra Costa Canal to Richmond in line with one of his promises," Dr. Quinney continued, "but he apparently lacked either the ability or interest to guide it to passage for it is now lost somewhere in a Congressional cubbyhole."

Board Scope Told by Zion

"County government has become a big and complicated public enterprise," William R. Zion, candidate for supervisor from the Second District, stated yesterday.

"Twenty-five million dollars and 2000 employees are under the control of the Board of Supervisors, which has final responsibility for such critical local services as streets, flood and drainage control, social welfare, control of juvenile delinquency, subdivision standards, parks, sanitation and public health and hospitals," Zion said.

"These are in addition to the planning and zoning powers, of which the public is already well aware.

"The board also deals with the state and federal governments on freeways, rapid transit, water supply and smog control. Here at home it has budgetary control over elected county officials, including the sheriff, district attorney, assessor, school superintendent, auditor and judges.

"The board controls appointive county agencies such as the Planning Commission, Civil Service Commission and Park Commission. It gives final approval to many special districts like the Ornda Fire District, the local flood district, and the San Ramon Valley sewer project.

"Sixty per cent of our local taxes are controlled by the supervisors — around $2000 annually for the average homeowner. No wonder people are concerned about the qualifications of the men sitting on the Board of Supervisors."

DON'T BE STAMPEDED!

There IS opposition to the so-called "oil conservation" measure being circulated in California

***Its promoters are* Standard Oil, Richfield Oil, and several other major international oil companies with HUGE ARABIAN OIL INVESTMENTS**

They have already spent several million dollars to propagandize their scheme. They are planning to spend millions more to put it over at the November election.

WHY?

In the public interest?

Or in their own interest?

Why did they by-pass your representatives in the State Legislature?

Were they afraid that committee hearings and floor debate would expose their "conservation" bill as a greedy and arrogant OIL CONTROL device to give them MONOPOLY over the oil business in California?

Why didn't they consult the hundreds of small independent California producers, refiners and marketers?

Was it because they want to choke off competition from the independents? If the independents are throttled, won't the major international oil companies flood California with Arabian oil and line their pockets with fabulous profits?

HOW WILL OIL CONTROL AFFECT YOU?

What will it mean to the property owners of California?

How many California workers will it throw out of jobs?

What will it cost the State in wealth and taxes?

THE CALIFORNIA OIL INDUSTRY OPERATES TODAY—AND HAS OPERATED FOR YEARS—UNDER STRICT STATE CONSERVATION LAWS. THESE LAWS ARE THE BEST IN THE NATION.

YES, ***there IS opposition to this OIL CONTROL scheme; and there will be growing opposition from an aroused public when the true story is told.***
